CDA3801C: Fundamentals of Mobile Web Application Development

Christopher Mattie

October 5, 2019

Author Note

This paper is being submitted on 10/5/19 for Professor Christopher Mattie CIS3801C: Fundamentals of Mobile Web Application Development Course

## Site Description

The site I will be creating for this class is for a coffee shop called Le'Spy. Le'Spy is a coffee roaster and retailer based out of uptown Minneapolis. Le'Spy aims to cultivate relationships with its clientele, and share their passion of ethical coffee sourcing, roasting, and serving exceptional coffees.

## GitHub Repository

## Azure Information

The site has not been built yet, as this is the first module, so I don't have a site URL to provide. However, the following URL shows my Hello World example, the second URL shows sample code in my project folder. Screenshots are below for each of the URL examples listed.
