Author Note

This paper is being submitted on 10/10/19 for Professor Christopher Mattie CIS3801C:

Fundamentals of Mobile Web Application Development Course

Introduction

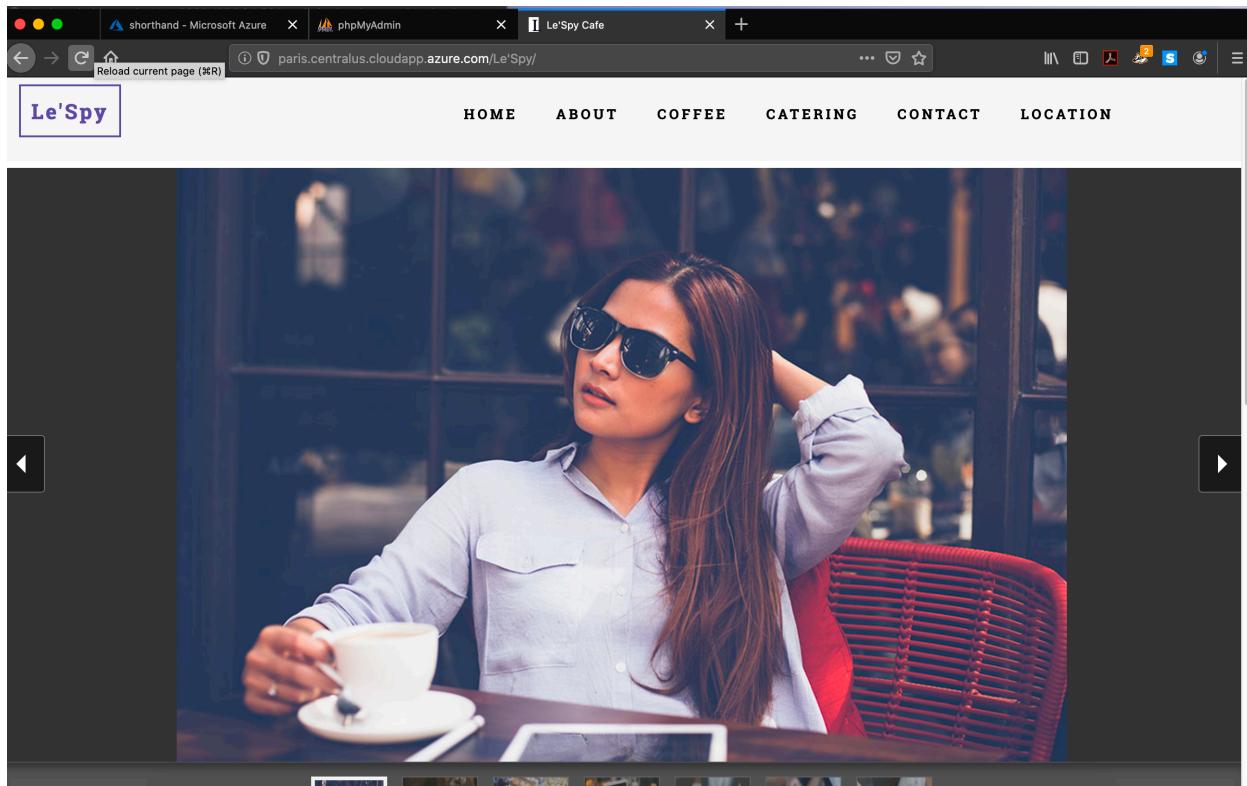

Le'Spy is a coffee roaster and retailer based out of uptown Minneapolis. Le'Spy aims to cultivate relationships with its clientele, and share their passion of ethical coffee sourcing, roasting, and serving exceptional coffees.

Welcome to Le'Spy

We are a locally owned and independent cafe in uptown Minneapolis. At Le'Spy we aim to provide you with the best coffee experience ever. We roast our coffee beans onsite daily. All our pastry items are freshly baked each morning.

We are committed to perfecting coffee excellence. We cater to clients with varying dietary needs. We ensure that every cup of java, every bag of joe, and every morsel of our pastries are made with love and with the freshest of ingredients.

Contact

The screenshot shows the mobiReady Beta tool interface. At the top, there's a header with the logo, "ABOUT", "LOGIN", and a "SIGN UP" button. Below the header are two tabs: "Visualisation" (which is selected) and "Compiling Tests Results". The main area displays four devices side-by-side, each showing a different view of the Le'Spy homepage:

- Desktop:** Shows the full desktop version of the website.
- High-tier phone:** Shows a smartphone with a resolution of 375 x 667 px.
- Mid-tier phone:** Shows a smartphone with a resolution of 320 x 533 px.
- Low-tier phone:** Shows a smartphone with a resolution of 240 x 320 px, which appears more basic and scaled down.

Below each device, its resolution is listed: 1024 x 768 px, 375 x 667 px, 320 x 533 px, and 240 x 320 px. At the bottom of each device's visualization, there's a link labeled "page composition".
